RESERVES ROUND UP

Two Central League games on the trot without scoring a goal is quite a rare occurrence for City's young Reserve side these days but the end of September and early October saw it happen. Tough games against Manchester United (at home) and Liverpool away saw both games result in 0-2 deficits. Despite the continuing form of young Tommy Caton at the heart of the defence the young Blues struggled to find their form. United, in the first of the two games, also scored at important times — their goals coming right at the end of each half. Even the experience of Ron Futcher with 4 goals in 4 previous appearances for the Reserves couldn't prevent a United win. The side at Liverpool was a much younger one with young apprentice Ross McGinn also making his debut as a second half substitute. Keith Macrae and Tommy Caton again were the pick of the City side.
